

FALL in Love with Your Skin!

New Medical Aesthetician!

I would like to introduce myself as the latest member of the RPSA team, my name is Kathleen and I'm the new medical aesthetician in the office. My background is in both the wellness and medical aesthetics fields. I would like to combine my passion and knowledge for all things skin and help my clients achieve the best results possible! Make an appointment for a complimentary skin analysis.

Looking for Sheer Beauty?

This month marks the Grand Opening of Sheer Beauty-Dr. Childers new Medical Skin Care Boutique in beautiful Redlands! Nicole Urrea and myself will both be working as skin care specialists assisting anyone who would like to get a jumpstart on freshening up their skin, especially during this holiday season. Next month we will be hosting an Open House complete with gifts and presentations at Sheer Beauty.

[More details about the Open House will be sent out next month](#)

October 2009

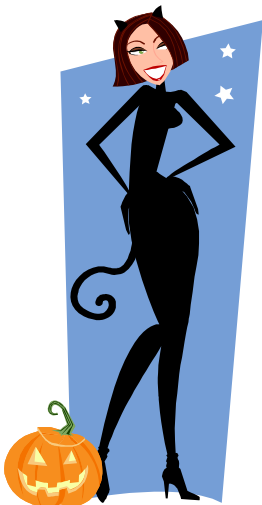

Nicole and I at Sheer Beauty

RPSA is offering 15% off any other Obagi products as well as 15% off Jane Iredale Mineral Make-up

How a Series of Skin Treatments Can Benefit Your Skin...

At RPSA we have two resurfacing machines to aid in removing dead skin cells, reducing acne and acne scarring and smoothing fine lines and wrinkles. In Riverside we have the wonderful Diamond Tome, a crystal-free microdermabrasion machine suitable for all skin types including the most sensitive. At Sheer Beauty in Redlands we have the new Hydrafacial machine capable of microdermabrasion, dermaplaning, extractions, infusing the skin with potent antioxidants, blue and red LED light therapy and Lymphatic Drainage for the face and body! Please feel free to call or email me with ANY questions!

We also offer a variety of Glycolic, Salicylic and Lactic Acid peels from Biomedic. Glycolic is a powerful exfoliant which helps to stimulate collagen. Salicylic is a wonderful decongestant for acneic and oil skin types. And last but certainly not least...Lactic is known for its hydrating properties and putting the "glow" back into the skin.

Both treatments are best done in a series of 3-6
